On Site Review District Study Guide

Date of District Review:

District Name:

District Code:

District Contact:

MDE Consultant:

Schools to be Reviewed:

GENERAL INFORMATION

1. The On Site Review (OSR) is a compliance review.
2. Documents that require an external review must be received by the Michigan Department of Education (MDE) in sufficient time prior to the OSR to conduct the review or will automatically result in a Change Required (CR).
 - The district/school may not provide additional external review documentation during the OSR and request another review (ex., revised School Improvement Plan or Annual Education Report).
 - Consultants rate “implementation” of applicable components at the close of the OSR.
3. Technical Assistance (TA) may occur prior to a scheduled onsite review meeting – not during the OSR. TA provided after the report-out on the day of the OSR should be limited.

Districts must use TA documents available in group TA meetings for some support
